## **MansonBolves Shareholders Named Legal Elite by Florida Trend** *Doug Manson and Brian Bolves are listed as some of Florida's top lawyers*

(Tampa) [MansonBolves](#) shareholders [Doug Manson](#) and [Brian Bolves](#) have been selected in Florida Trend magazine's [2013 Florida Legal Elite™](#). Manson was recognized for his [environmental](#) and land use practice and Bolves for his [eminent domain](#) practice. Florida Legal Elite™ is a special report recognizing a select group of attorneys that are voted among the best in the state by their peers.

“Brian and I are very excited to have been selected for this prestigious recognition,” said Doug Manson. “Less than 2 percent of the active Florida Bar members practicing in Florida are selected, so it’s quite an honor.”

Manson has more than 25 years experience representing private sector and governments in water, environmental, administrative and related legal matters. He has successfully represented a broad range of clients and understands the complexities of technical evidence like hydrogeology and wetland biology as well as modeling and the other disciplines needed in these matters. He has an AV Rating by Martindale-Hubbell and received his law degree from Florida State University.

Bolves practices property rights and commercial litigation and is recognized as one of the leading construction litigation and eminent domain attorneys in Florida. He has represented both public and private entities in connection with energy and public works projects. He likewise has an AV Rating by Martindale-Hubbell and received his Juris Doctorate from Stetson University College of Law.
